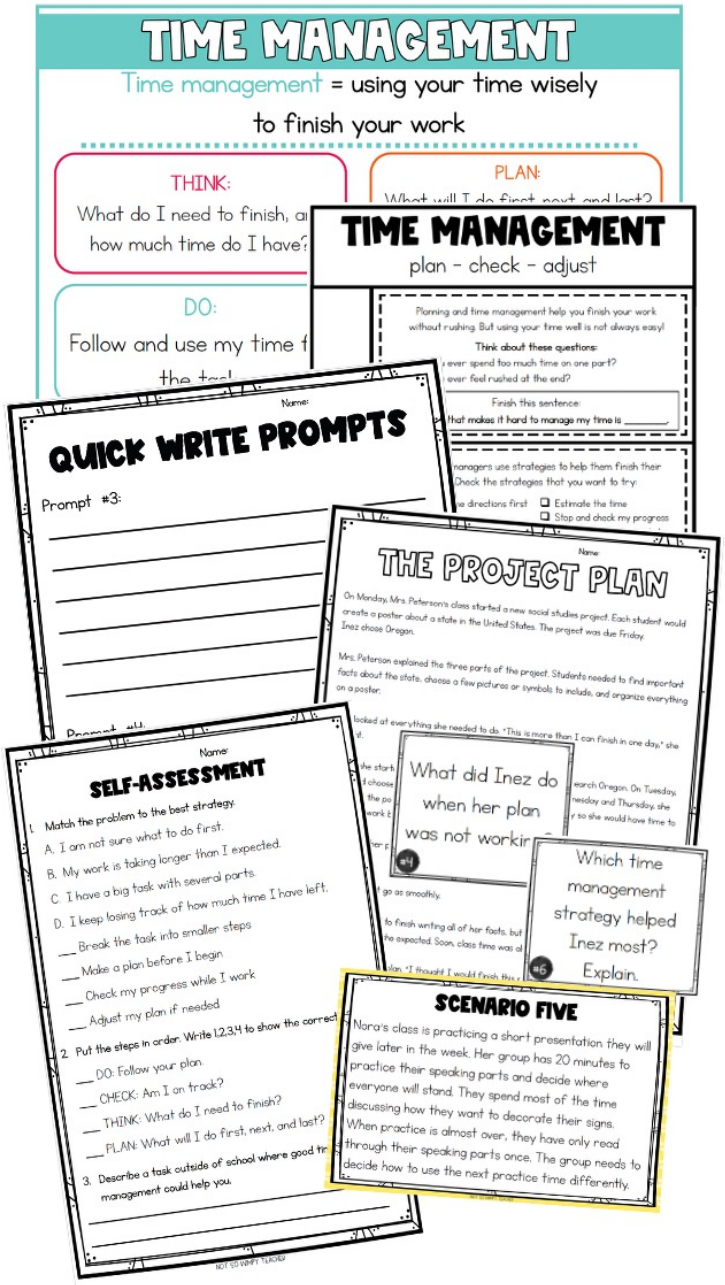
What's Included

- ✓ Instructional PowerPoints to introduce the skill
- ✓ Detailed teacher directions
- ✓ 2 original reading passages
- ✓ Interactive notebook activity
- ✓ Time management match-up activity
- ✓ Partner scenario practice & discussion cards
- ✓ Writing prompts
- ✓ Self-assessment



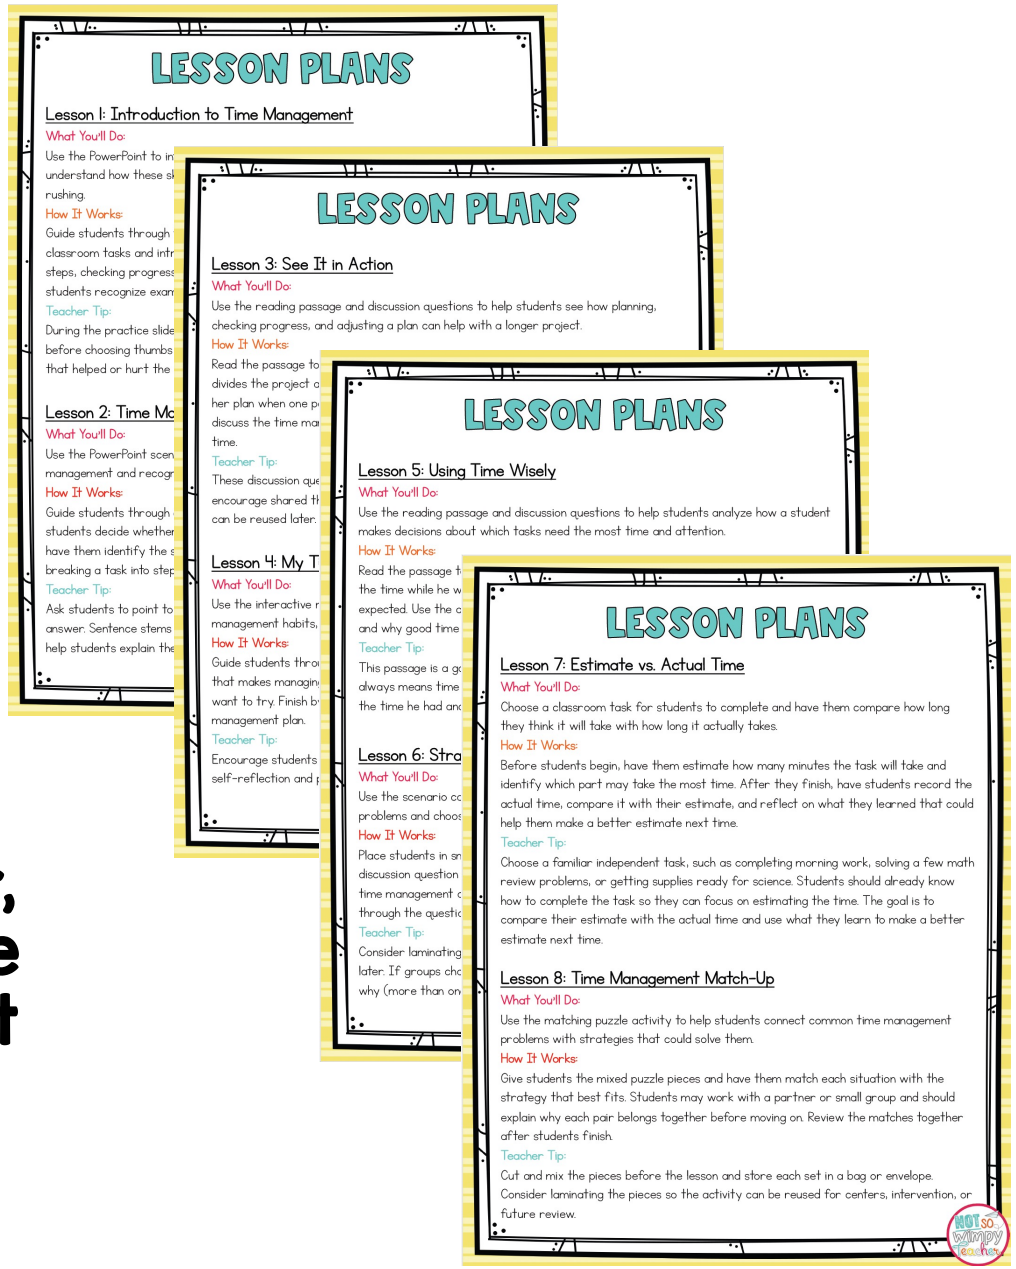
10 Days of Activities

Each unit starts with a short mini lesson to introduce the skill, model examples, and guide student discussion.

Students then apply their learning by making real-life connections through reading passages, notebook activities, or class discussions.

Extras include a parent letter, classroom poster, supply time management activity, student shout-outs & reward tags.

Included self-assessment.



Real-Life Scenarios

I CAN...

identify choices that help
stu
ar

QUICK THINK

Your teacher gives you 20 minutes to finish an assignment. What is one thing you should think about before you begin?

REVIEW

Which choice shows strong time management?

A. Starting right away so you can work longer
of time on
adjusting your

TURN & TALK

What strategy is Nolan using?

A. Making a new plan

B. Estimating his time

C. Checking if he is on time

TURN AND TALK

SCENARIO #4

Nolan has 30 minutes to finish a writing assignment. After 15 minutes, he stops and checks how much work he has finished and how much time he has left.

Is Nolan managing his time well? Why or why not?

TURN & TALK

What strategy is Nolan using?

A. Making a new plan

B. Estimating his time

C. Checking if he is on time

TURN AND TALK

SCENARIO ONE

Jaden has 20 minutes to finish a reading page. He
needs to read the passage, answer five ques
and check his work. He spends a lot of time
rereading the first paragraph because he w
understand every word perfectly. After a wh
notices he still has most of the passage and

What does the student need to get done?

What time management strategy would help most?

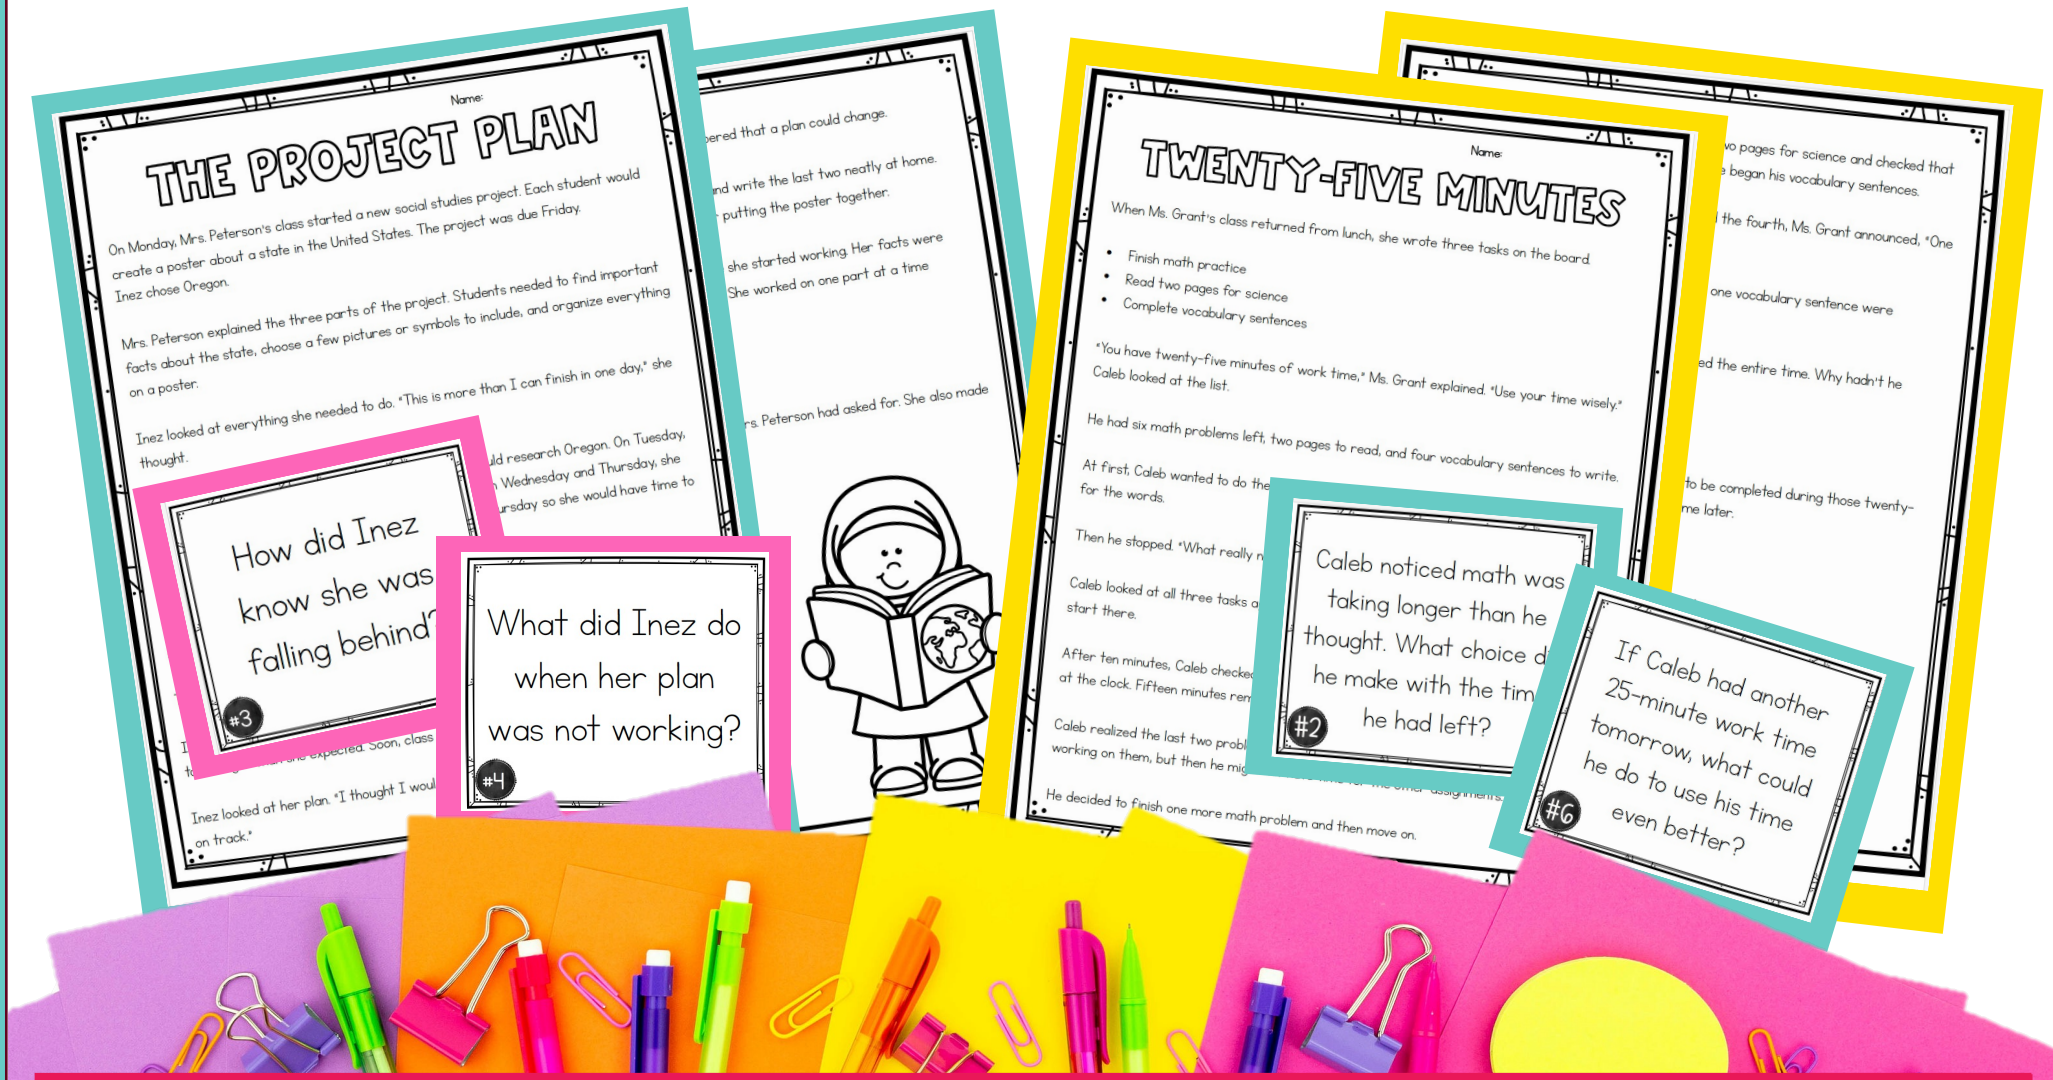
What should the student do next?

SCENARIO THREE

Ainsley has a science project due at the end of the
eek. She needs to research, write a few facts,
reate a model, and practice what she will say when
he shares it. On the first day, she tries to work on
very part at once. She keeps switching back and
rth and does not finish much. Ainsley realizes she

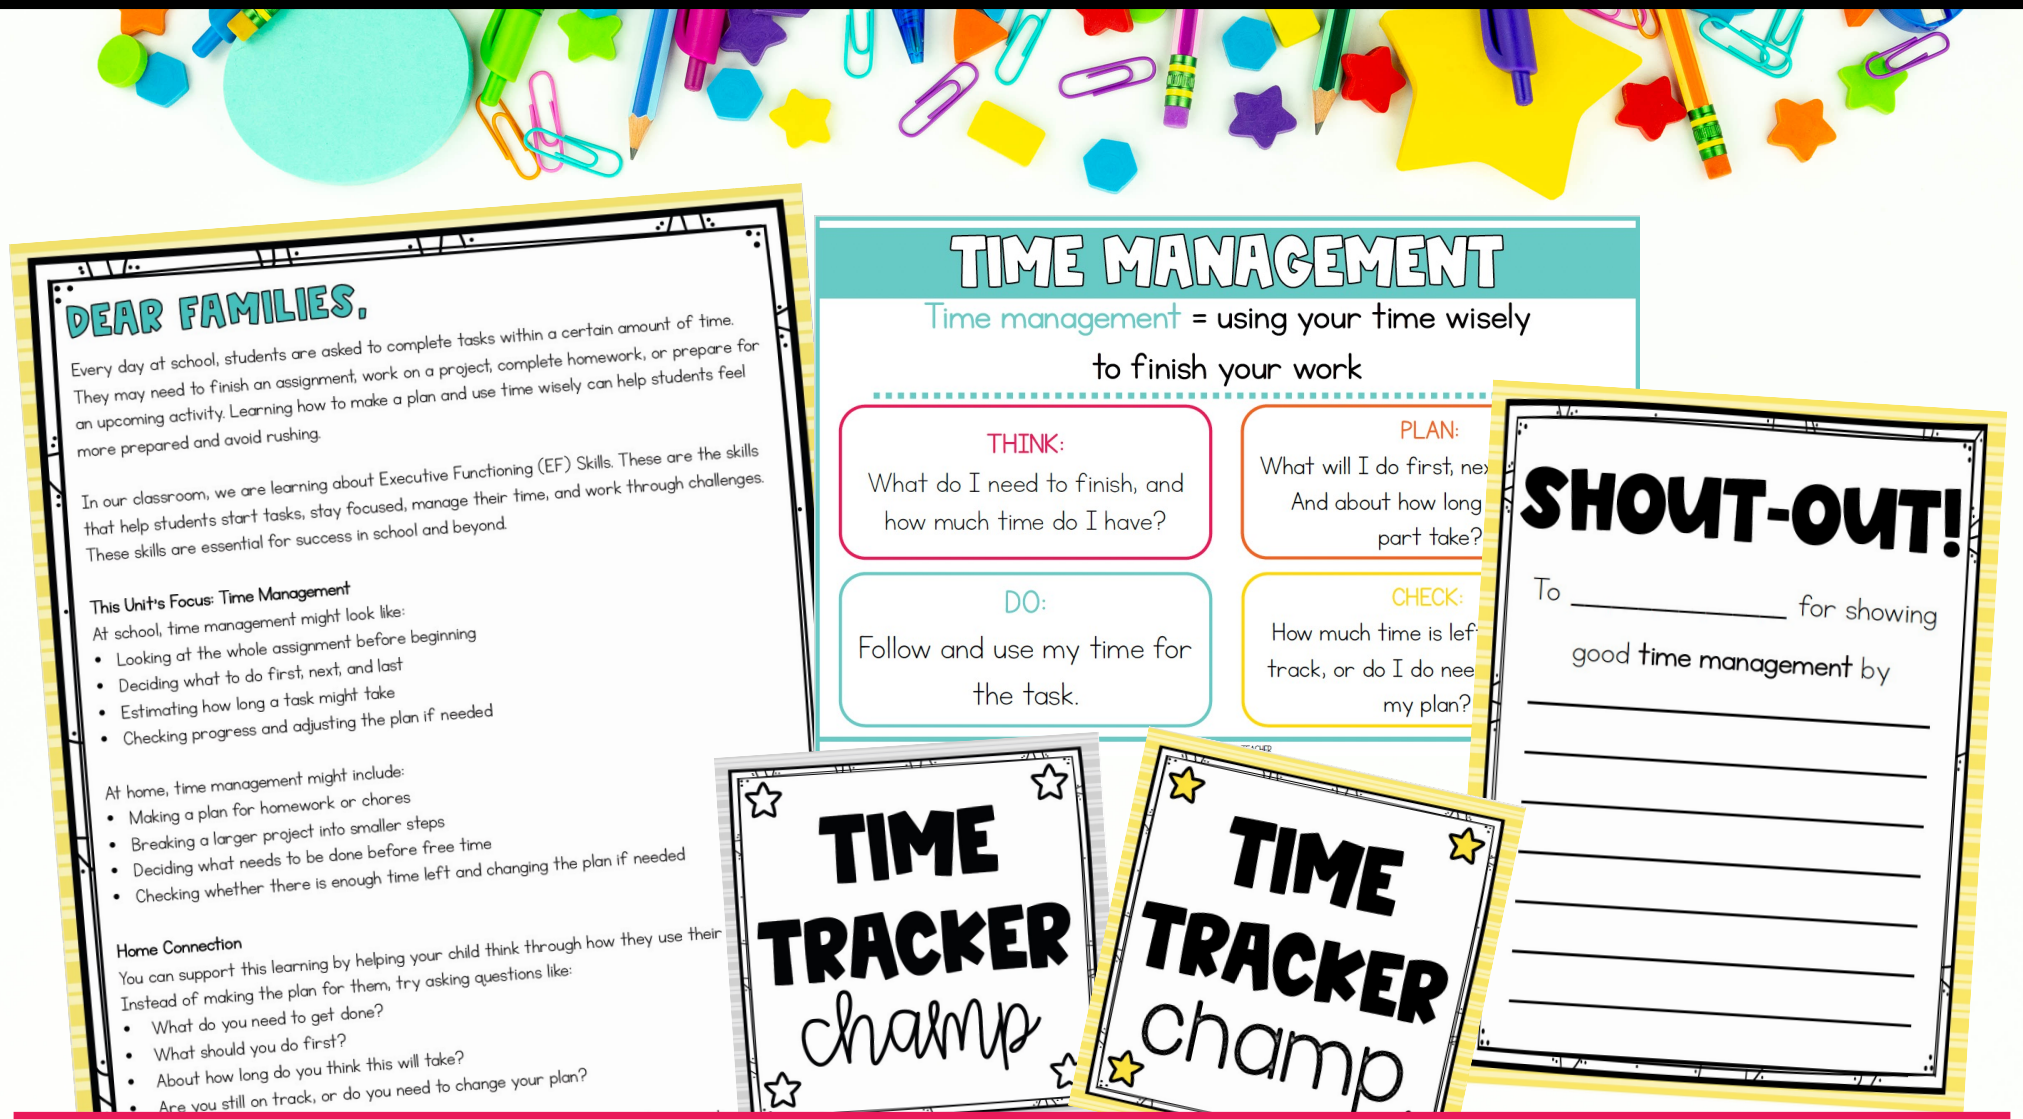
Lessons are perfect for morning meetings, during transitions, or revisiting when real situations arise. Flexible sample schedule included to easily fit your classroom needs.

Reading Passages & Reflection



Two original reading passages with reflection questions teach students how organization affects their work habits.

Classroom Extras



Reinforce executive functioning skills with student shout-outs, reward tags, a classroom poster & letter home explaining each unit.
