

WEEKLY PLAN

Monday	Introduce New Words Show students the word used in the sentence that is provided. Have students try to define the word. Make any modifications so that they have an accurate and student friendly definition. Have students add the sentence and definition to their vocabulary journal.
Tuesday	Examples and Non-Examples Have students work to come up with two synonyms and two antonyms for each vocabulary word. Some words do not have an obvious synonym or antonym and you will need to use examples and non-examples. Students should record the words in their vocabulary journal.
Wednesday	Wow Words Give students the weekly wow word. Define the affix and root word(s). Have students help to brainstorm other words that have the same affixes and roots. Students should record this on their wow word graphic organizer.
Thursday	Picture Dictionary Have students work with a partner or individually to create a drawing that depicts the meaning of each of their vocabulary words. If possible, share some of the best drawings with the entire class and have students explain how it shows the meaning of the word.
Friday	Vocab Fun Day Choose one of these activities: Vocabulary Social: Students wear a vocabulary word (on a sticker, notecard or lanyard). They pretend to be the word and go around the classroom introducing themselves to the other words. Encourage students to share synonyms, antonyms and sentences with the other students. This activity can also help practice and assess speaking and listening skills. Board Games: Use the vocabulary cards for the week with the game board for some fun practice. Assessment- every other week

Includes a day-to-day vocabulary routine. This takes all of the guess work out of lesson planning! Students always know exactly what to expect.

Every week includes a teacher guide with five tier 2 vocabulary words and the definitions, sentences, synonyms and antonyms needed for the lessons. No teacher prep!
