Weather

It's rainy and wet.
It's sunny and dry.
There's all kinds of weather you see.

It's snowy and cold.
It's breezy and cool.
Who will play in this weather? It's me!

Jumping in puddles.
And flying a kite -
There is so much to do outside.

Building a snowman.
And riding a bike -
The weather will help you decide.

Class Pet

1 We'd love to have a class pet,
it would fill our class with glee.
It would help us be responsible,
just listen and you'll see.

2 We'll take turns cleaning its cage,
and we'll feed it daily, too.
We will also change its water
and clean up all its poo.

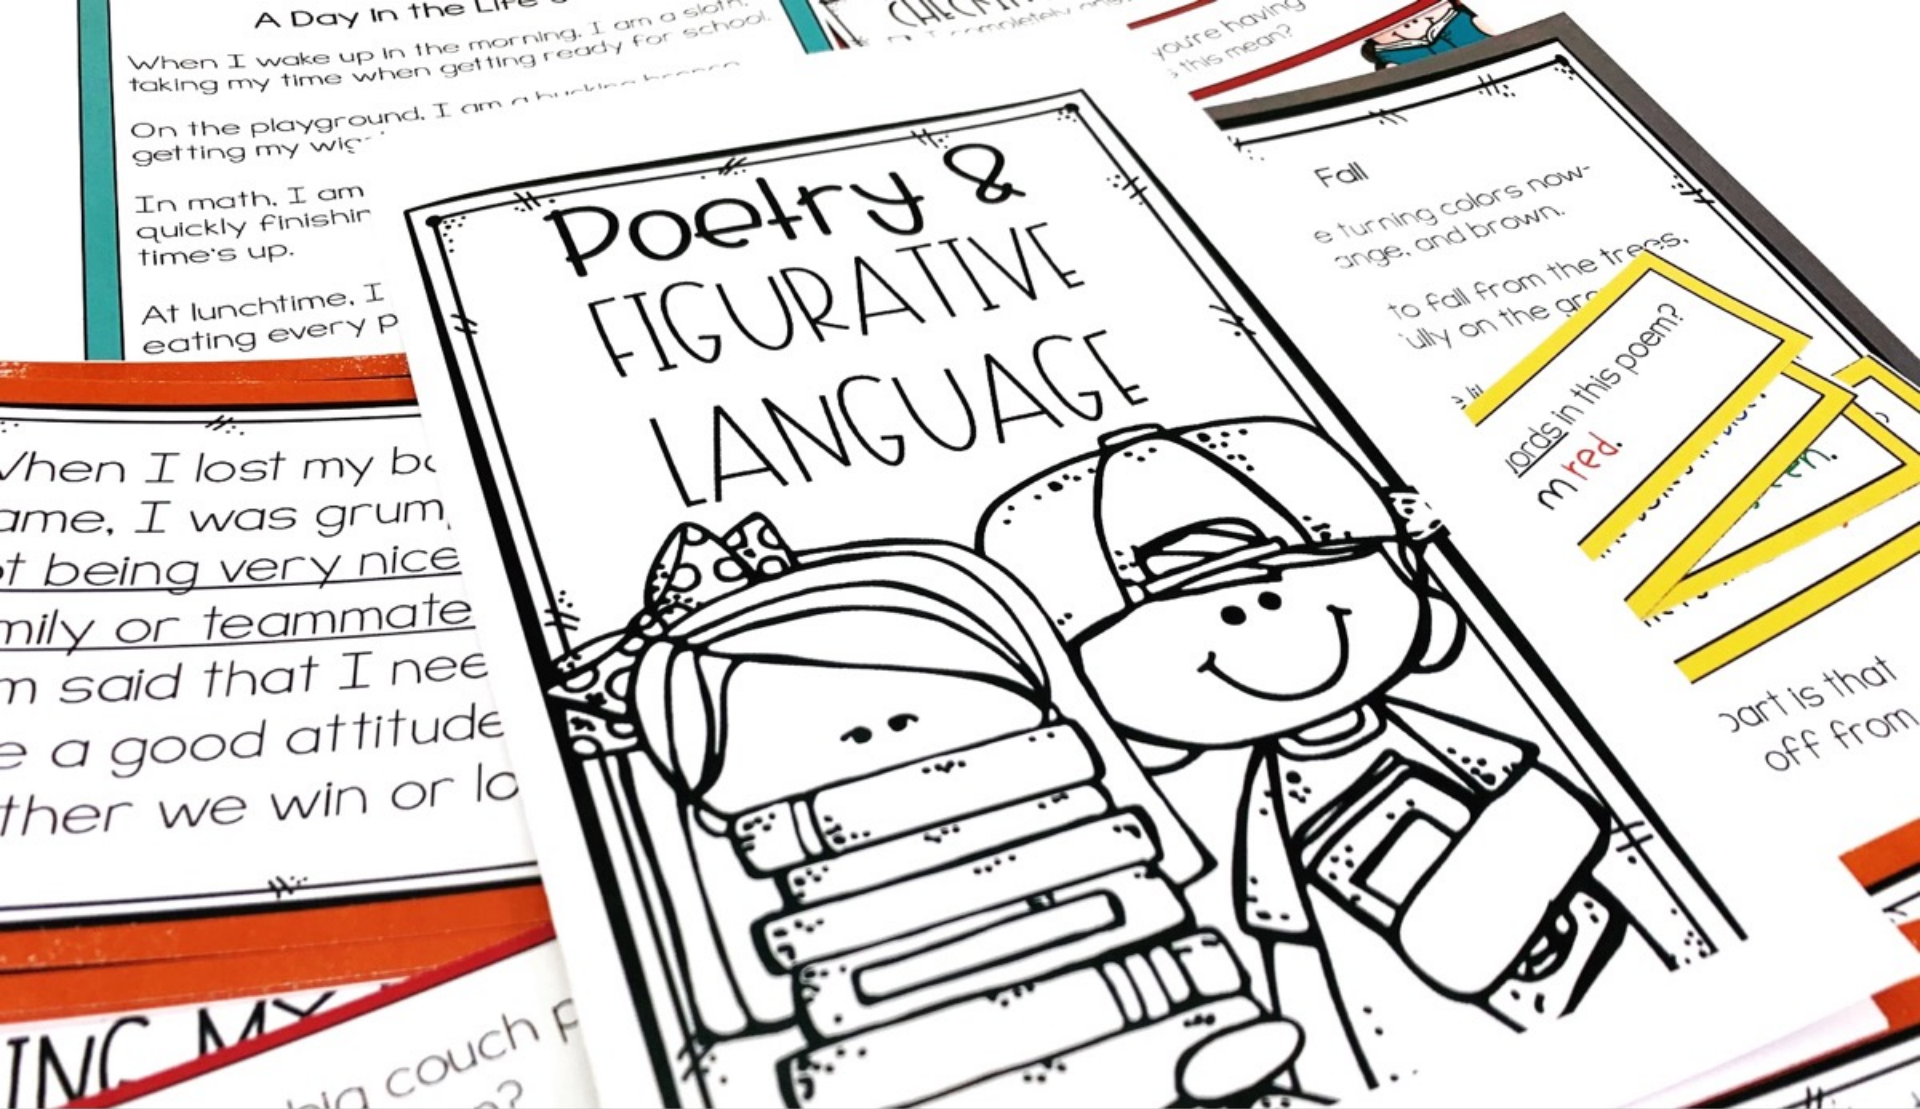

3 A class pet would make us happy
when we are feeling down.
Just giving it a snuggle,
would take away a frown.

4 Can we get a class pet,
can you finally see?
With the reasons that we need one,
we hope that you agree.

My favorite place is when I go to school. Some kids will be there and some might even call me.

Yes, it sure is true. School is one of my favorite places. I love seeing all of my classmates and greeting their friendly faces.

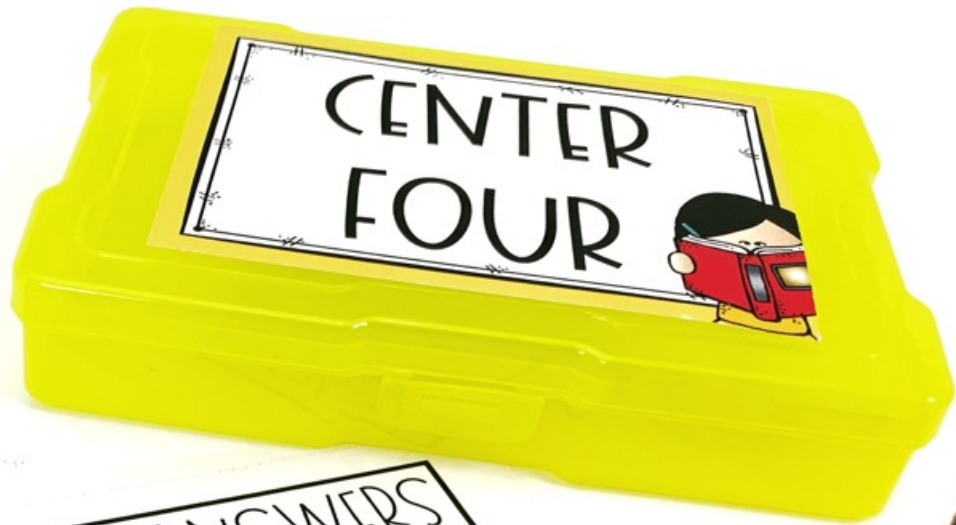

I get a new teacher each year and a new classroom, too. When I come back from summer break, I look how much I grew!

On the first day of school, I'll be going through the gate.

However, it's quite rough and really was a bummer. Since school just started yesterday, I'll have to wait all summer.

Fall

The leaves are turning colors now-
red, yellow, orange, and brown.

They're ready to fall from the trees,
landing gracefully on the ground.

The leaves are like small butterflies,
fluttering through the air.

The breeze is a dragon's breath;
it blows heavy through my hair.

This is my favorite time of year,
colorful and cool.
