What teachers are saying...

"Wonderful resource! My students were very engaged throughout and it was no prep for me! A win-win! - Heather K.

I use this resource DAILY. My students love our reading notebooks. I love how everything is organized and how all reading standards are covered. We pair this with our reading centers and task cards and my students are engaged all day. I love that you can pick and choose what to use with it. By far more helpful at explicitly teaching a reading standard than most of the curriculum I have seen, and making it kid-friendly and likable for kids.
