10 Days of Activities

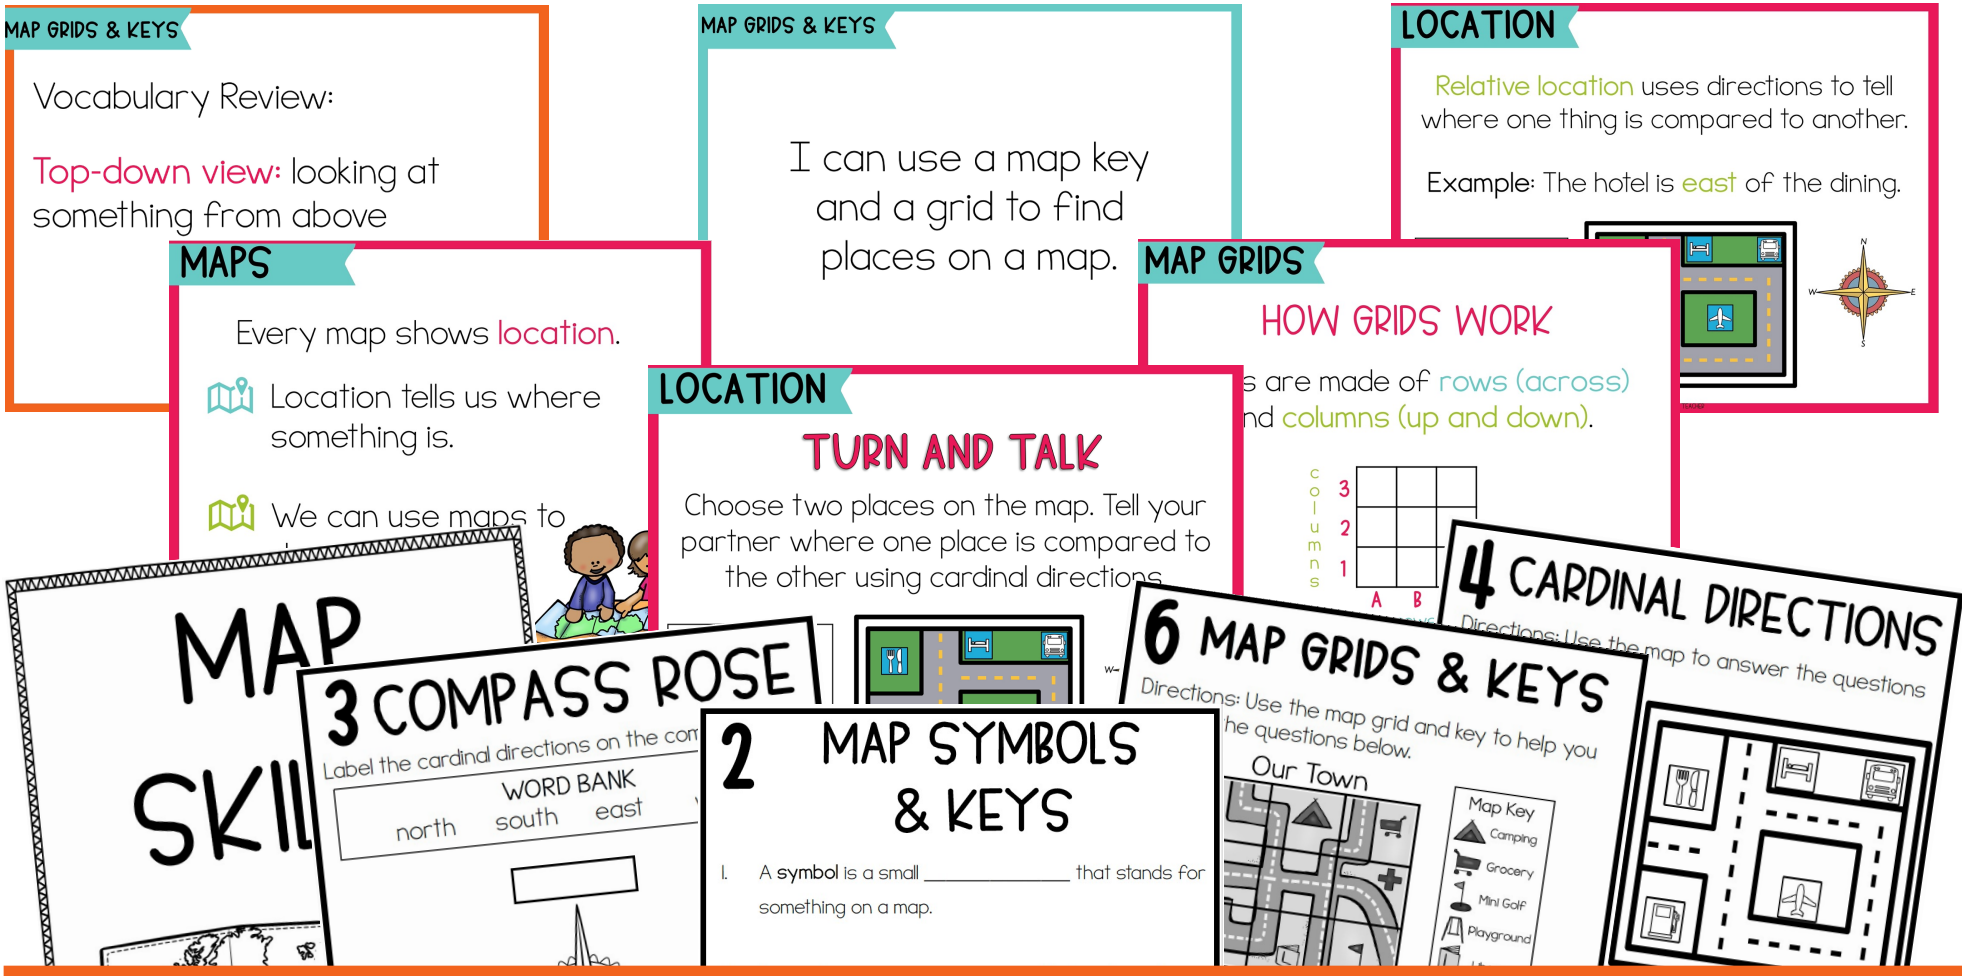

This unit includes six instructional PowerPoints that teach the concept.

Students will practice the skill using guided booklets, design their own map project, map grid riddles enrichment activity, and task cards.

Each unit comes with a two-part assessment. Part one includes matching and fill-in-the-blank questions, while part two features higher-order thinking and short-answer questions.

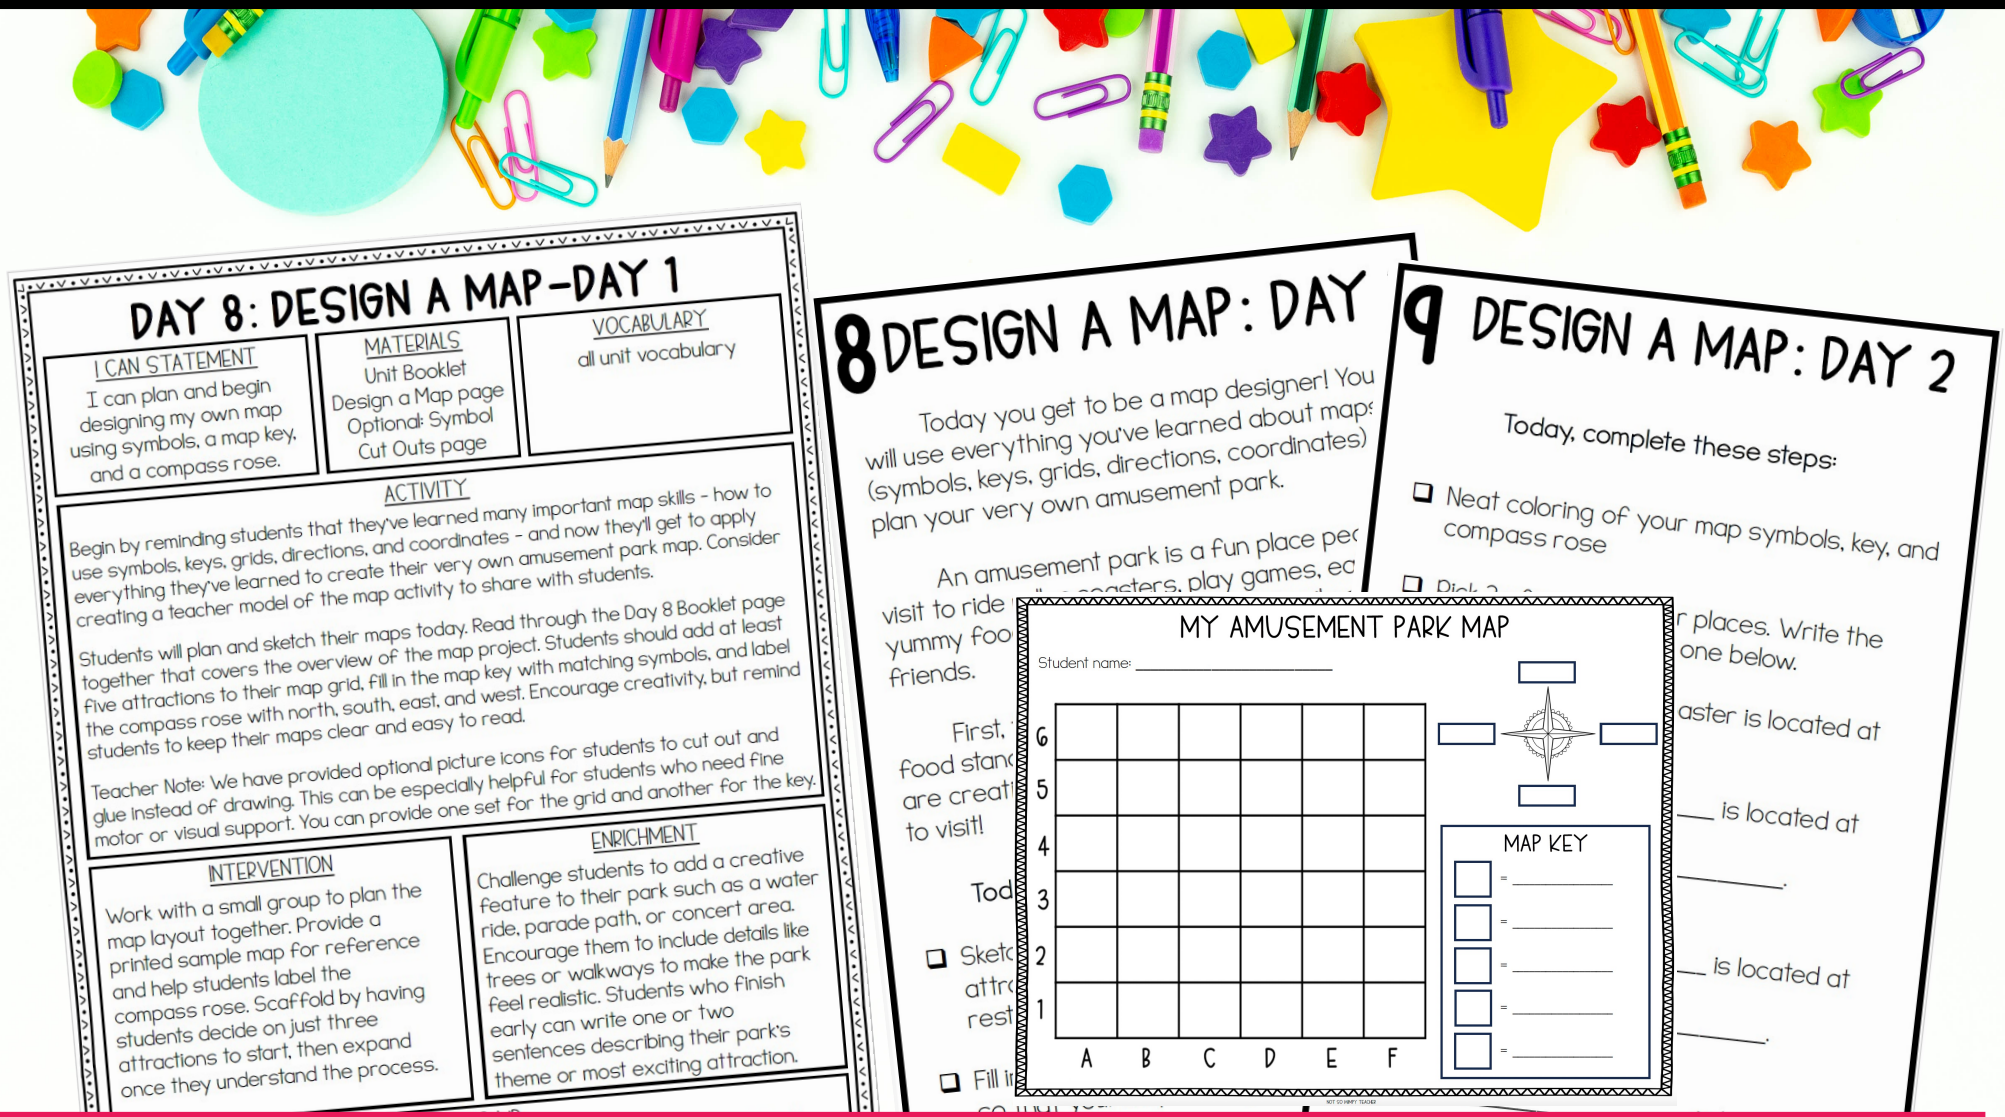

PowerPoint Lessons

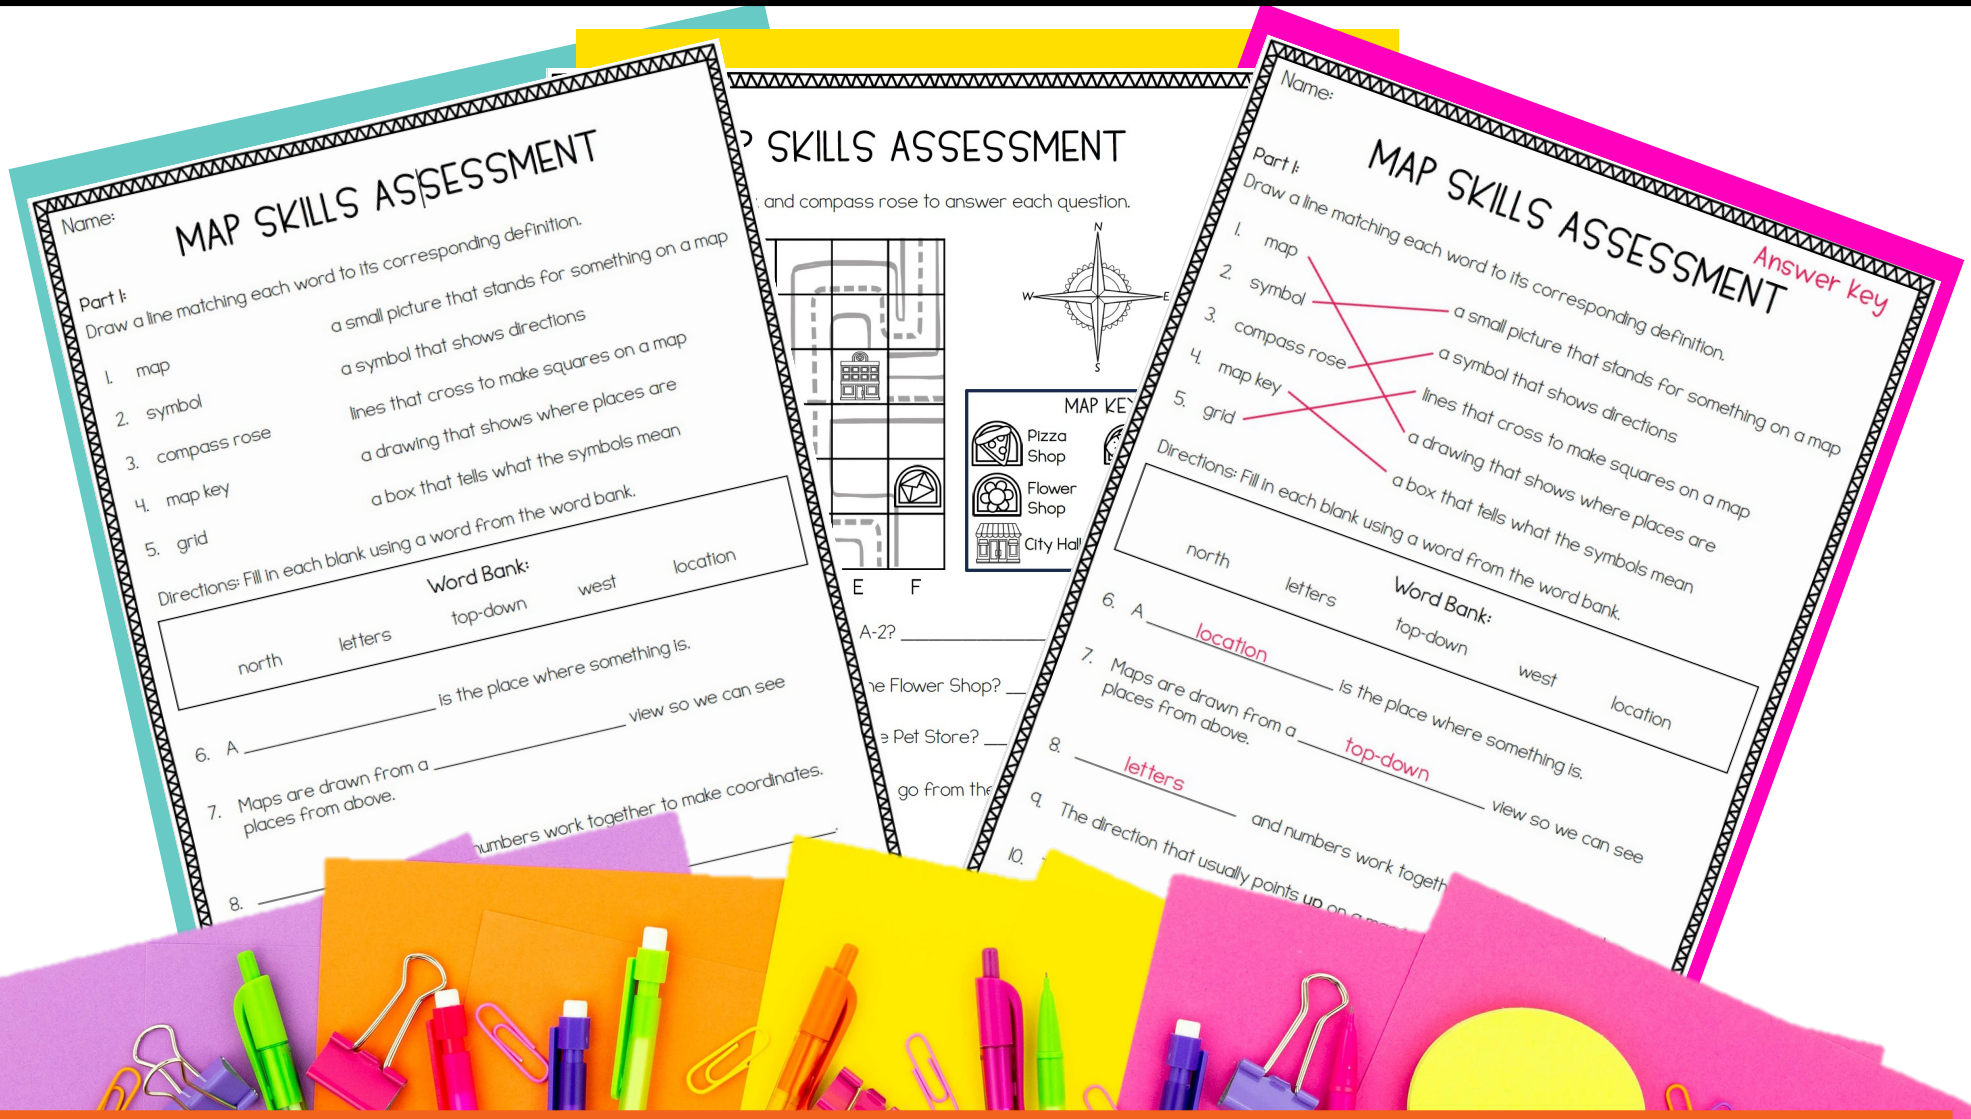

Each lesson is designed to be taught in 30 minutes, with all student work completed in their booklets. You can choose to take a daily grade, completion grade, or grade for accuracy.

Research Project

Students will design their own maps using grids, keys, and a compass rose.

Assessment

Each unit includes a two-part assessment with matching and fill-in-the-blank questions in part one, and higher-order thinking and short-answer questions in part two.
