- ✓ Student Screener
- ✓ Recording Sheet
- ✓ Student Snapshot
- ✓ Symbols Key
- ✓ Scoring Sheet
- ✓ Class Tracker

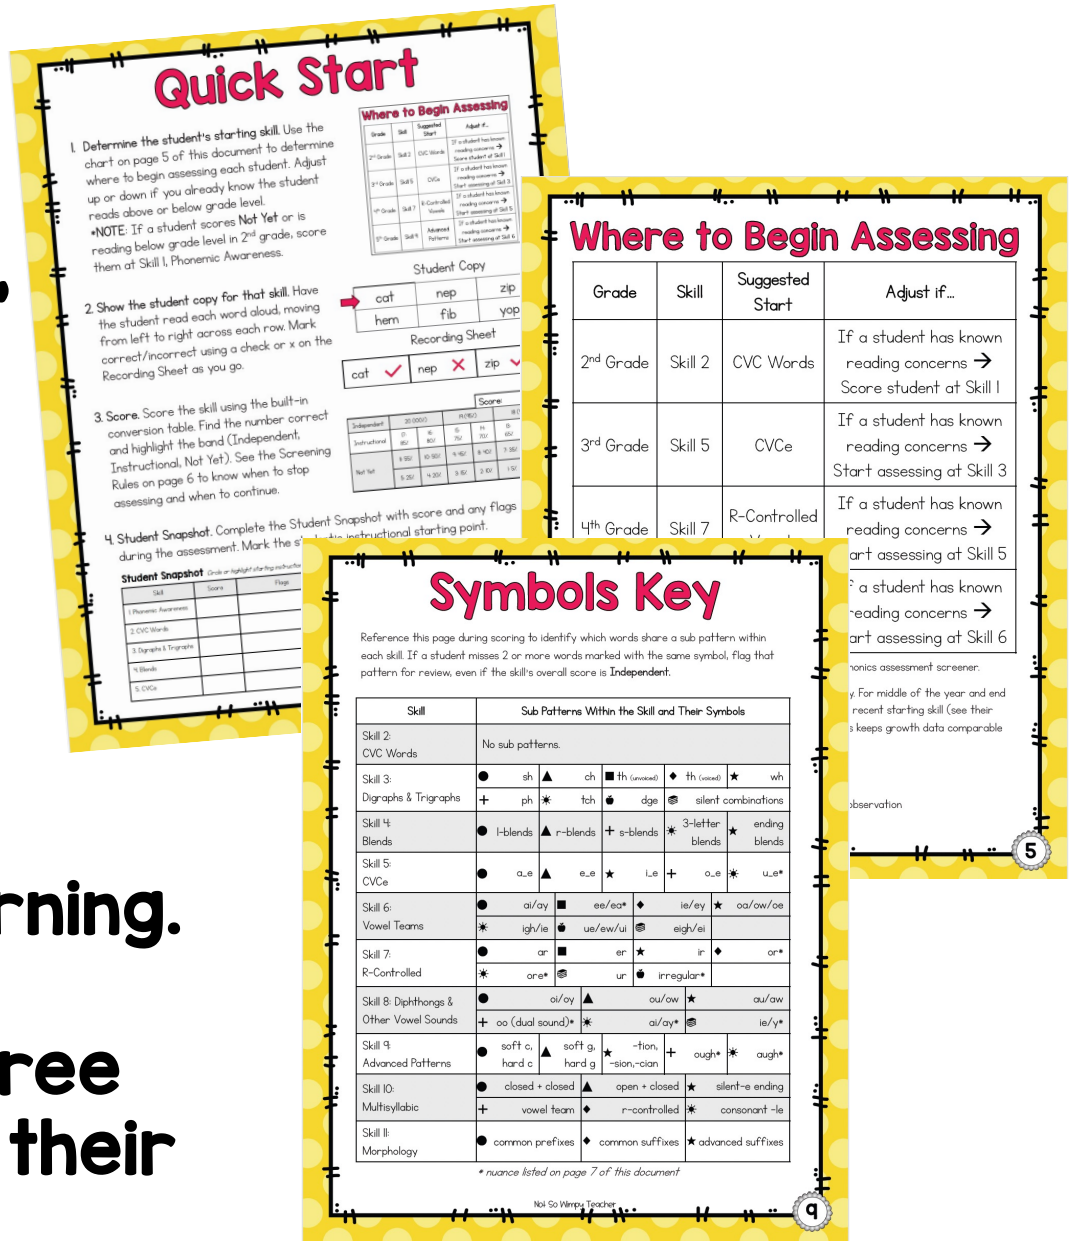

Assesses II Phonics Skills

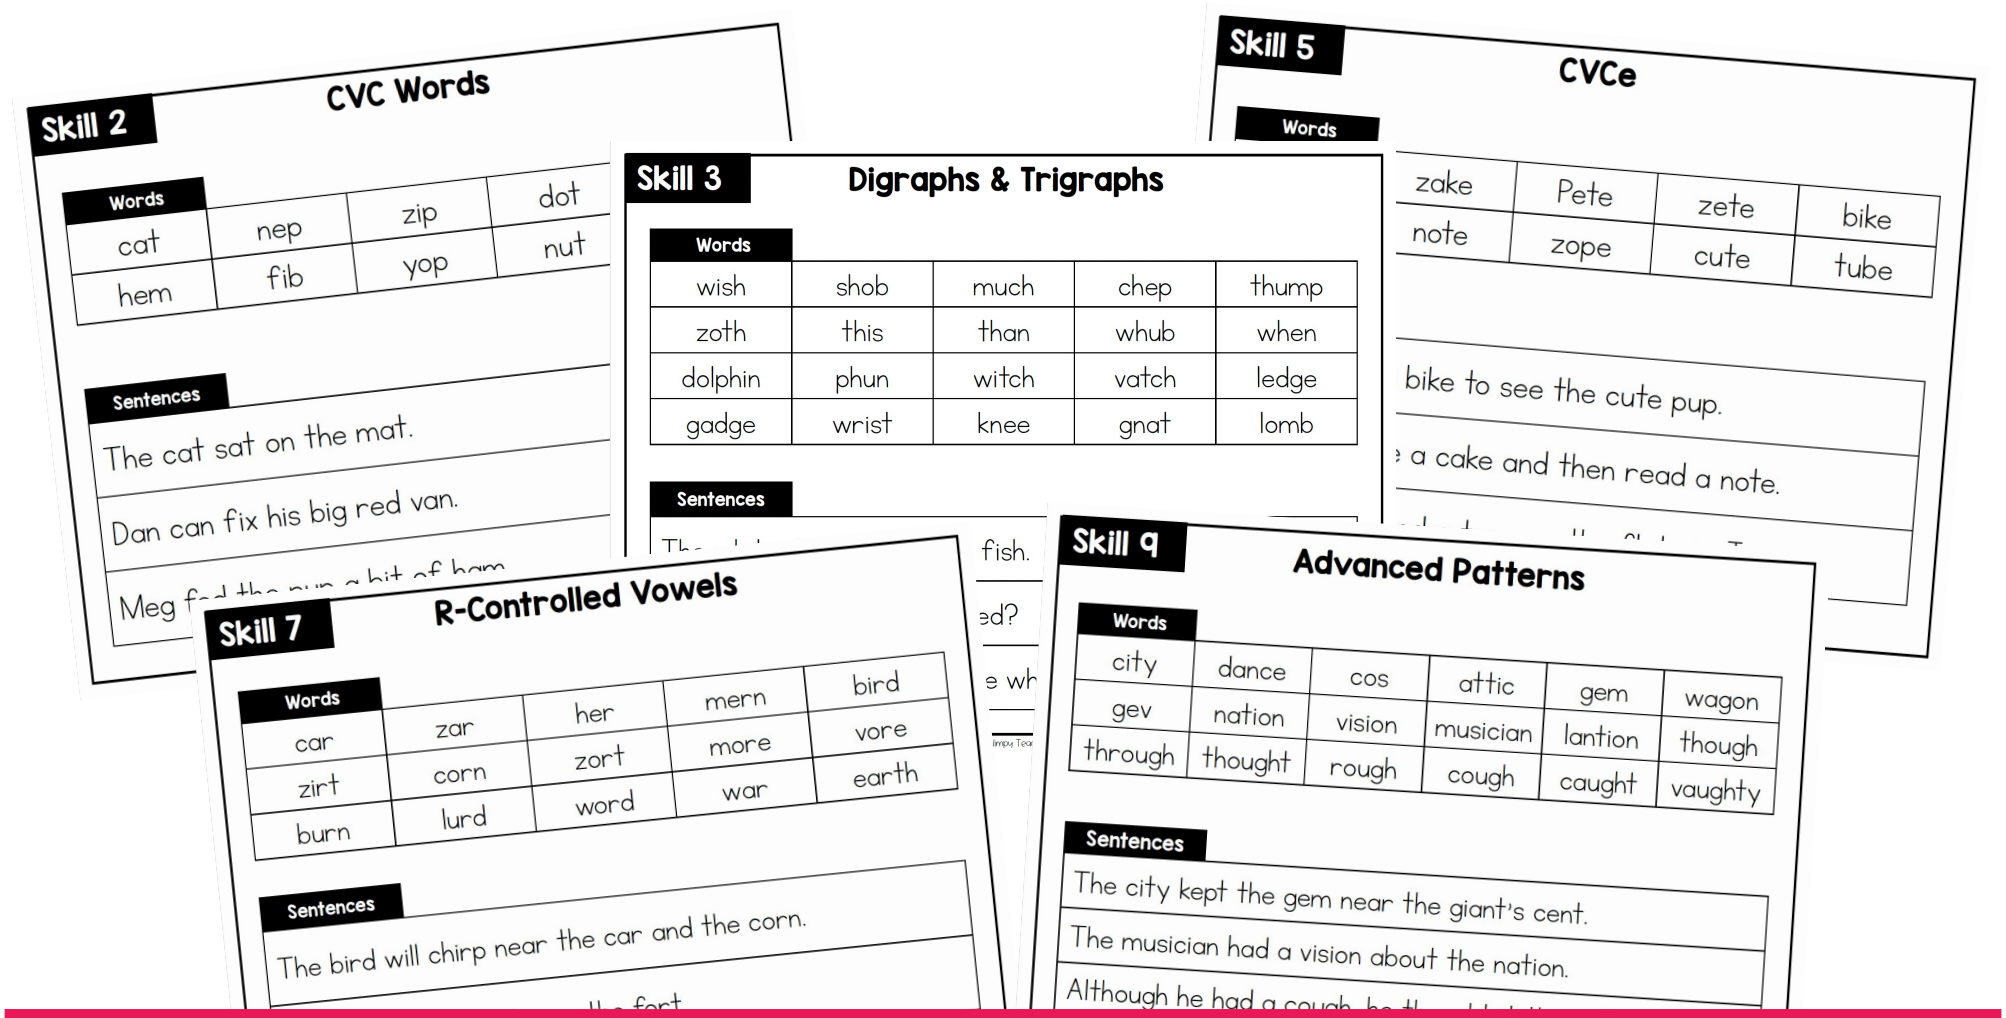

This screener includes student screener sheets with words (real & nonsense) plus sentences, to assess II phonics skills ranging from CVC words to morphology.

Teachers can easily assess student levels, track progress, and use data to differentiate learning.

Students are assessed three times per year to gauge their phonics progress.

Student Screener

Student screeners can be printed and laminated to use year after year. Student sheets correspond with teacher scoring sheets with symbols categorizing each sub pattern and space to flag patterns.

Scoring Sheets

Scoring sheets have integrated conversion tables to accurately assess student levels. Students receive either Independent, Instructional, or Not Yet for each skill.
