Unit Two: CVC Words

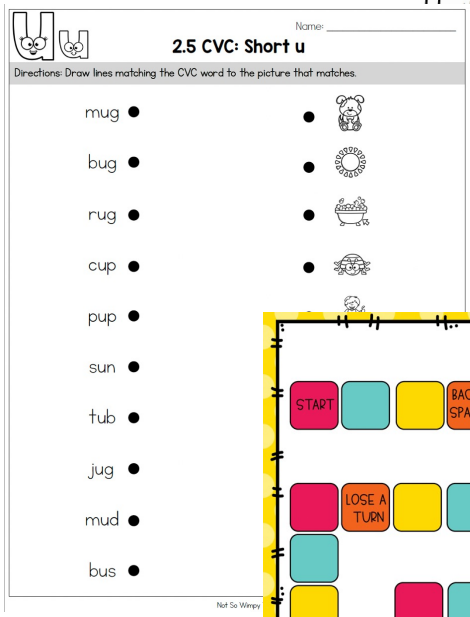

This unit includes 10 ready-to-teach lessons with explicit instruction, blending practice, and connected-text application, to build automaticity across all five short vowel sounds.

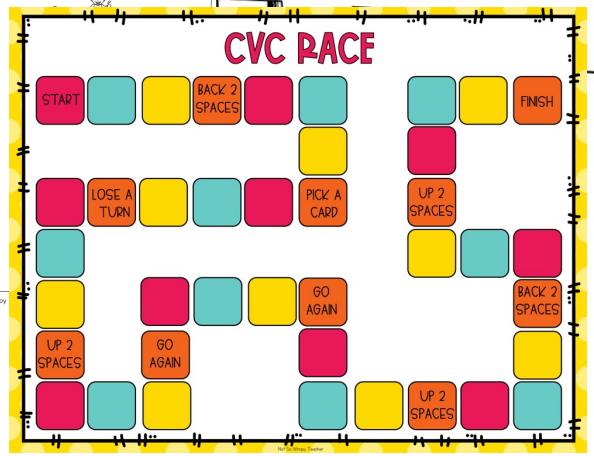

Teachers can easily teach whole-group or small-group lessons, track progress, and use screener-aligned data to target student needs.

Students practice blending real and nonsense CVC words and reading them in connected text with fluency.

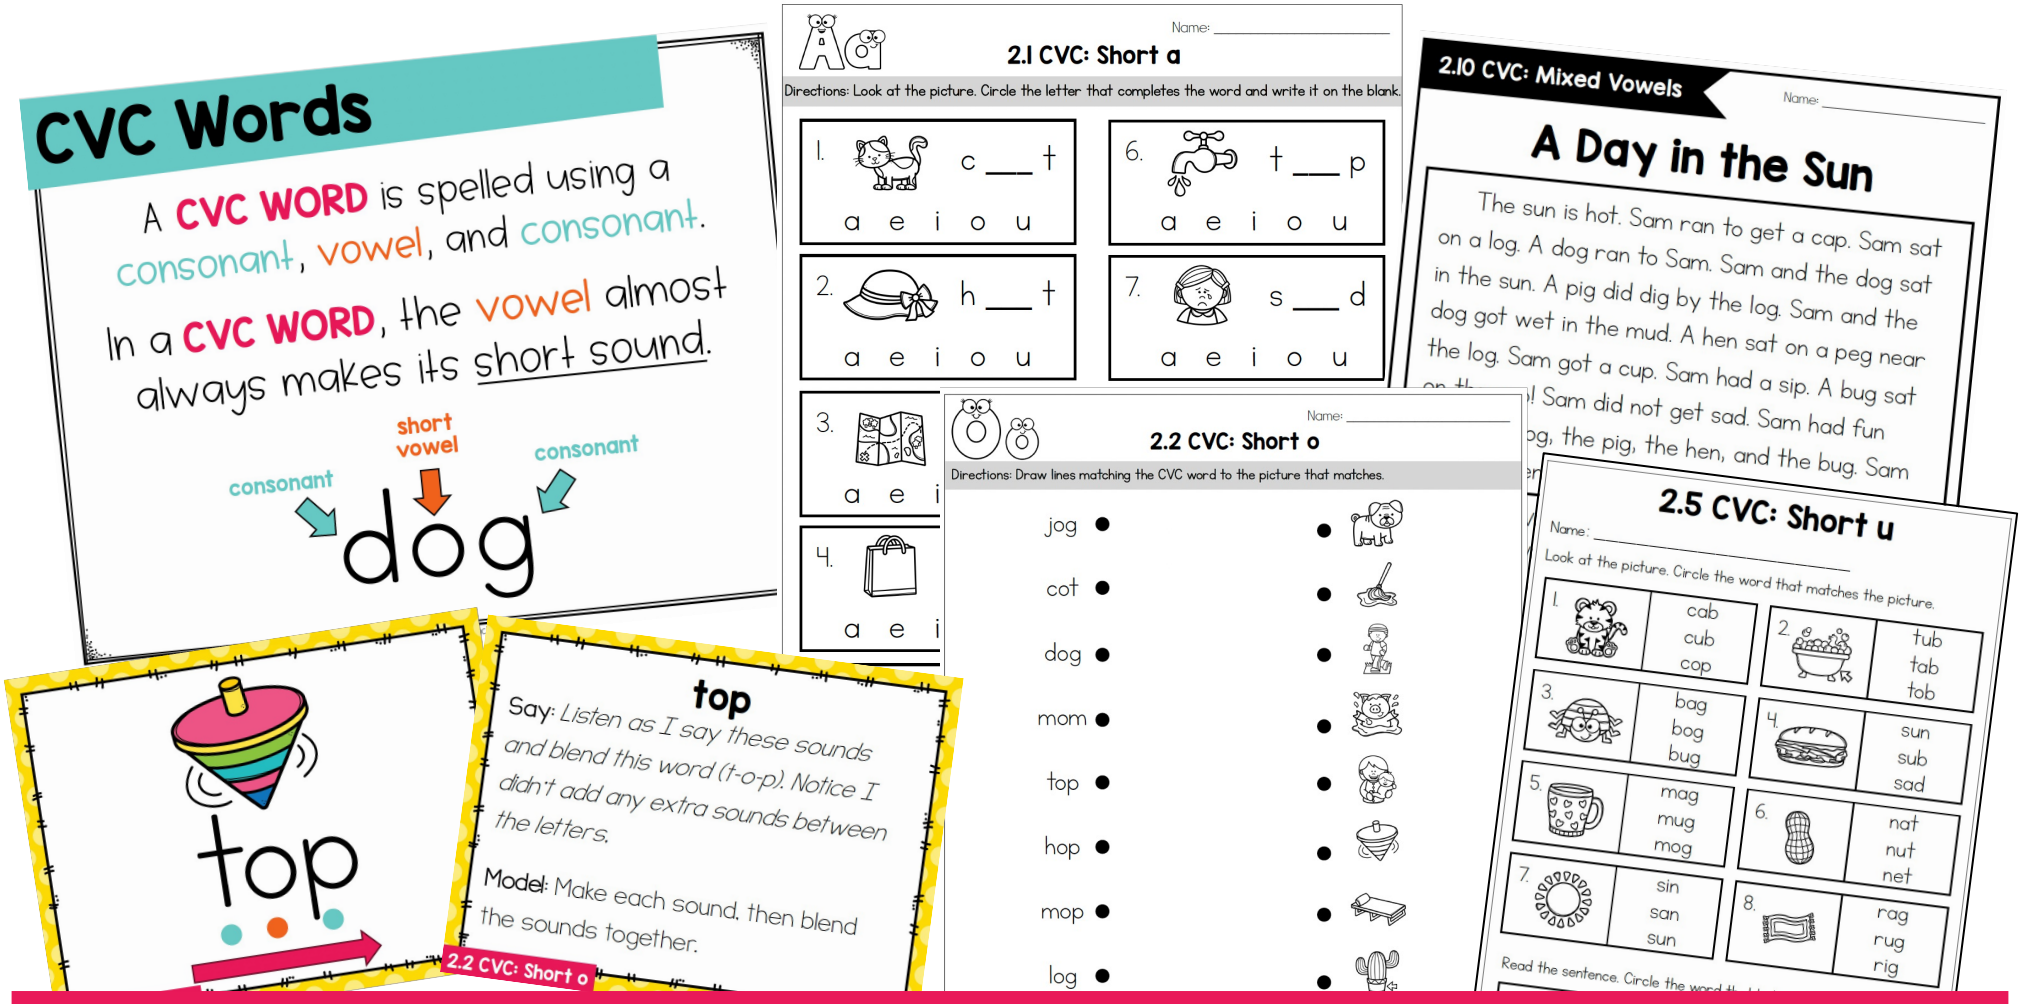

Comprehensive Lessons

Comprehensive phonics lessons include instructional whole-group PowerPoints, small-group practice cards, decodable texts, exit tickets, anchor charts, independent practice activities, and games.

Track Student Progress

Track student progress and growth with pre- and post-assessments, a class data tracker, and easy-to-use progress-monitoring tools.
