Purpos

What do you wa
learn about? Writ
question.

Hypothesis

Make a prediction about
what will happen.

Research

America. They are in the squash family and they were
Thanksgiving. Many people believe that pumpkins are
n is actually a fruit because they have seeds. Vegetables
not have seeds. The pumpkin seeds are formed each time
by insects or bats. Pumpkins can grow to be quite large
nutrients. The largest pumpkin ever recorded was 2,009
That would be a lot of pumpkin pie!

you think will have the most seeds?

5 6 7 8 9 10 11 12 13 14 15

nks Pumpkin ..... will have the most seeds.

Conclusion

Was your hypothesis correct?
What did you learn?

Name

do others think will happen?

Hypothesis

What do you predict will happen?

Experiment

Test your hypothesis.

Analysis

Use charts, graphs, lists or pictures to show what happened during your experiment.

	Weight	Seeds
Pumpkin A		
Pumpkin B		
Pumpkin C
